

Electronic Sales Trading – Contacts

Your execution specialists—we understand your needs and preferences

In an ever more complex world of constantly changing market structures and trading venues, we offer professional execution advice on where, when and how an order should be executed. We ensure compliance with all regulatory “best execution” requirements through access to various global liquidity pools. This helps to minimize market impact and optimize your performance.

Our area of expertise: stock exchange orders, trading-related questions, news and post trading services:

- Use of the latest algorithmic trading strategies
- Pretrade Checks
- Program Trading
- ETF Trading (NAV, Risk Price, On-Exchange)
- IPO Order Placement and Information
- Publication of news relevant to the stock exchange
- Information on worldwide trading venues
- Periodic updates on regulatory changes
- Best Execution Reports and Transaction Cost Analysis (TCA)
- Settlements and trade bookings
